Allied Logistic Services

We provide our clients with several allied logistic services to enable them efficiently serve markets/customers in Saudi Arabia.

OUR SERVICES

M/s. IAP Logistics is fully geared to provide a multitude of logistic services to its clients.

Custom deferred duty storage solution to clients: This service is provided at our warehouse with 24/7 security, basic utilities, fire-fighting systems, and administration unit. Clients can avail this facility and gain economic value from deferred duty payment and avoid costly demurrage / detention charges.

Exclusive Bonded Area for Duty Deferred (Bonded) Storage of goods classified as "**DANGEROUS GOODS**"

There is a configurable **RACKING / SHELVING SYSTEM** to store your cargo. **VALUE ADDED SERVICES** such as **LABELING, BAR CODING** etc., are available to clients.

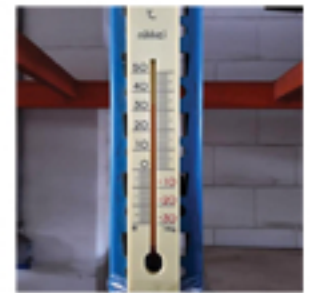

Central / Regional distribution hub to local and international markets: Our warehouses can be used as a distribution hub by the clients. IAP provides administrative support to clients in managing their distribution locally as well as globally.

Cargo Consolidation & De-consolidation Facility: Consolidated cargo containers arriving at port is deconsolidated for the importers and apportioned according to instructions for delivery. On the other hand cargo agents can also consolidate cargo arriving from diverse destinations for shipment or re-shipment to different destinations.

Cross-stuffing, reworking and re-handling of cargo: IAP Logistics provides cross container stuffing services along with several value added services such as;

- o Bundling & kitting
- o Co-packing: Insertion of cables, catalogues, CDs
- o Labelling
- o Scanning
- o Inspection & quality checks
- o Shrink wrapping, stretch wrapping & palletizing
- o Re-Bagging the Cargo

At IAP Logistics clients are assured of transparent, efficient and careful handling of cargo by a team of dedicated workforce ensuring no loss of value through mishandling/ pilferage.

Our warehouses are located within the Jeddah Port, thus making container cargo handling almost instantaneous.

20000 sq.m for off-loading / loading any Vehicles / ODC / PROJECT cargo and company owned containers.
